Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 24 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Fine and dry for many over the next few days.

This Evening and Tonight:
A fine evening for many and then a dry night with clear spells follows. Cloudier at times for parts of eastern and southern UK and northern Scotland though and parts of Scotland and Northern Ireland can expect fog patches.

Wednesday:
Dry with warm sunny periods for most, highest temperatures over parts of Scotland. Cloudier over far northern Scotland, some of this cloud then spreading into North Sea coastal areas later.

Outlook for Thursday to Saturday:
Fine with light winds, variable cloud and sunny spells. Warm in the northwest, but somewhat cooler and breezier in the east, with the threat of showers here on Saturday.
